

FAÇADE PERSONNEL

When the world's leading contractors are looking to source building and logistics teams for UK projects, Workstream is invariably their first port of call. That's because we are one of only a handful of companies capable of providing a one-stop building envelope resourcing solution. Landmark projects for which Workstream has supplied curtain walling teams in recent years include London's Heron Tower and the Shard; the Justice Centre and Cooperative headquarters in Manchester; and the new Birmingham Library, amongst many others.

At Workstream, we pride ourselves on our reputation for consistently attracting the most highly skilled, qualified and experienced contract personnel for every sector of the façade and fenestration

industry – whether it's curtain walling, glazing, structural glass or cladding. In fact, many of our best operatives work exclusively on Workstream assignments year after year. Our long-standing relationship with the teams we place on site is built on mutual respect, trust and integrity – qualities that other suppliers find very, very difficult to replicate.

Workstream's industry knowledge and experience mean we are also the most cost effective supplier, saving our clients' time and money by putting together hand-picked project teams comprising people with multiple, complementary skills – CPCS operatives and labourers with specialist, glass-handling skills, for example. The personnel we typically deliver for work on the building envelope include:

- Appointed Persons (CPCS A61)
- Carpenters (1st Fix)
- Crane/Lifting Operations Supervisors (CPCS A62)
- Curtain Wall Fixers
- Curtain Wall Fixer's Mates
- Forklift Drivers (CPCS)
- Gangers
- Handypersons
- IPAF/MEWP Operators
- Labourers (General and Skilled)
- Roofers
- Scaffolders
- Site Engineers
- Site Managers
- Slingers/Signallers (CPCS A40)
- Stores Managers
- Traffic Marshalls
- Welders (Coded)
- Welders (Uncoded)

Working with Workstream means you're partnering with one of the most successful suppliers of contract site personnel in the UK. Our client list includes many of the top contractors and subcontractors in the business. And over the years, we've built up a solid, hard-earned reputation for efficiency, reliability, attention to detail, and (most importantly of all) excellent value for money.

Workstream Recruitment's huge, nationwide candidate database holds a substantial number of highly experienced construction personnel available for contract, temporary or permanent assignments. If your requirements are not listed above, please get in touch with your local Workstream office for more information. (Contact details overleaf.)

About Workstream

Workstream Construction Services supplies a comprehensive range of essential site services to the construction industry:

- Recruitment expertise – Reliable provision of temporary, contract and permanent personnel across the full range of industry disciplines, including general trades & labour; site engineers; site management and administrative staff; and façade, interior fit out, mechanical & electrical, and structural steel specialists.
- Engineering services – Fixed price contracts for site engineering and setting out, CAD and data processing, topographical and building surveys, and related technical services.
- Site logistics packages – Waste management, site security, traffic control, snagging and small works.

Founded in 1993, Workstream is headquartered in Bicester, near Oxford, and delivers services throughout the UK, with operations centred on Birmingham, Bristol, Edinburgh, London, Manchester, Newcastle and Sheffield. Quality of service

is underpinned by ISO 9001 certification for recruitment services at the company's Bicester and London operational hubs. In addition to its Investors in People Silver status, Workstream has achieved *all* the construction industry's leading health & safety accreditations. Regular staff training and updates to management processes ensure the company continues to comply with statutory and industry-mandated regulations while delivering innovative solutions to its clients' site challenges.

Why the Industry's Leading Companies Come to Workstream

- Many of the UK's top contractors and subcontractors prefer to use Workstream: to source temporary, contract and permanent site personnel. Here's why:
- We offer temporary and contract site personnel at very competitive, fully negotiable rates. And since you pay only for the hours worked, there's none of the additional costs and risks associated with hiring permanent employees.
 - We maintain a continuous programme

of internal staff development, and CSCS registration, training and testing for site personnel.

- With a dedicated account manager acting as a single point of contact, we develop a close working relationship with each client, offering you tangible financial benefits as well as consistently supplying high quality site personnel.
- We're proactive in coming up with innovative solutions to common issues – for example, we have developed our own online timesheet systems to reduce clients' administrative overheads and speed up payments to contract site personnel.
- With eight branches providing nationwide coverage, and a growing database of some 120,000 highly experienced, UK-based contract personnel, we can meet just about *any* site resource requirement, *anywhere*.
- Our sophisticated systems for storing, retrieving and updating digital copies of site operatives' references, tickets and work history ensure we always supply the right people for the job.
- We are meticulous about maintaining

full compliance with all legislative regulations and best practices governing construction industry employment, health & safety, etc.

- We're a long-established, financially stable company focused entirely on the fulfilment of construction industry needs.
- Our high quality management systems are underpinned by regularly-audited accreditation to standards such as ISO 9001, Investors in People, CHAS, Safecontractor, BuildingConfidence, etc.
